Thought Now That President Harding Has
Passed the Crisis of His Attack and That
Watchful Care and Rest Will Soon Re-

PRESIDENTIAL HEADQUARTERS, Palace Hotel, San Francisco, Cal., July 31.—President Harding was sleeping peacefully shortly after 11 o'clock tonight and a bulletin issued at 11:20 P. M. by Brigadier-General Charles E. Sawyer, his physician, said that the chief executive was "resting comfortably."

PRESIDENTIAL HEADQUARTERS, Palace Hotel, San Francisco, Cal., July 31.—President Harding is gaining in his fight against illness. His personal physician, Brigadier-General Charles E. Sawyer, in an informal statement issued at 9:10 P. M., said his patient was "doing well" and had just had the best and most natural sleep since his illness.

General Sawyer's statement was given to newspapermen who met him in the corridor as he started out for a walk, his first moment of recreation since Sunday when the president was brought to San Francisco, now admittedly a very ill man.

"I am taking my first vacation," said the general as he and Mrs. Sawyer, both smiling, started for the elevator. The general's demeanor was a marked contrast to the serious expression he wore when he met newspapermen 12 hours before, prior to the day's first consultation of physicians.

HOPE DWINDLES FOR AGREEMENT WITH FRANCE

British Admiralty and Air Ministries in Disagreement

(By the Associated Press)
LONDON, July 31.—The cabinet at its meeting today was largely engaged with a quarrel between the admiralty and the ministry concerning control of the air forces, hence also Lord Curzon, secretary for foreign affairs communicated the documents and statements presented yesterday by the French, Belgian and Italian ambassadors discussion on these was adjourned for another council tomorrow.

It is understood that Lord Curzon also imparted to his colleagues information submitted to him yesterday by Mr. Stamer, the German ambassador on internal economic and political conditions in Germany, which in the view of the British government have a most important bearing on any decision to be taken and especially on the question of over how great a period it will be safe to prolong the present negotiations.

Gloomy Forebodings
In official quarters tonight there was no diminution of the gloomy forebodings as to the prospects of arriving at any agreement with France. All indications point to M. Poincare's maintaining the strong opposition which he has displayed from the moment he assumed office towards an allied conference to settle the reparations problem, this opposition being based on the conscientious belief that France might in such a conference find herself in the minority.

It is stated that the French reply is a long document requiring much discussion and the general impression is that when parliament rises Thursday Premier Baldwin will only be able to announce that negotiations are continuing with the allies.

First Ten Million For Bonus Is Used

(By the Associated Press)
SPRINGFIELD, Ill., July 31.—The state of Illinois has paid out \$9,218,000 to her former service men to meet bonus claims the state board of recognition has announced of the \$10,000,000 realized by the state on its first bonus bond sale. This amount satisfies 43,000 applications.

Since the payments have almost exhausted the first \$10,000,000, State Treasurer Oscar Nelson today announced that a

second issue of \$10,000,000 will be put on sale at auction here Friday, August 17.

State Auditor Andrew Russell is mailing out six thousand bonus checks this week. To date only one case of fraud has been reported to the authorities in connection with the distribution of the huge sum. One former soldier whose check had been sent him reported that he had not received it. An investigation of a possible forgery is now under way.

BIRTH CONTROL ACTION HALTED FOR THE TIME

Chicago Health Commissioner Opposed
to Movement

(By the Associated Press)
CHICAGO, July 31.—Activities toward the establishment of a parents' clinic in Chicago to disseminate information regarding birth control were temporarily halted today while the committee in charge headed by Mrs. Benjamin Carpenter waited for a ruling from Francis X. Busch, corporation counsel as to the legality of such action.

It was contended that there were no Illinois laws to prevent the establishment of such a clinic basing their opinion, they declared, on a ruling from the attorney general.

Openly Opposed.
Herman Hundersen, city health commissioner came out in open opposition to the proposed clinic when interviewed by the committee. Corporation counsel Busch said that the question would be decided purely from a legal standpoint and that no matter of city policy would enter into the matter.

"I am firmly opposed to birth control," Dr. Hundersen, the father of six children said. "If it had prevailed in years past some of the greatest men in history would never have lived. Lincoln for instance. He was reared in the utmost poverty but he made his way to fame."

He asked how many of the members of the executive committee were mothers. It developed that almost every woman on the committee is the mother of two, and many of them four and five children.

The Clinic's Object.
"The purpose of the clinic," Mrs. Carpenter said, "is to extend advice and treatment to married people only where the physical condition of the parents is such as to make the bearing of children dangerous or prejudicial to the health and welfare of the wife or child. It is not at all the object to publish broadcast the methods of contraception, but rather to prevent in every manner rational and proper recourse to abortion now to prevent and avoid as far as humanly possible the burdening of the community with defective children and the ruination of the health of the countless mothers."

HUNDRED REPORTED KILLED IN WRECK OF EUROPEAN TRAIN

Forty-Four Bodies Have
Been Taken from the
Debris

(By the Associated Press)
BERLIN, July 31.—A terrible disaster occurred at the Kreilensen Station, at the junction of the Hanover and Cassel line today caused by a collision between the Hamburg-Munich Express and a train standing at the station. Up to four o'clock 44 bodies had been recovered from the wreckage and the estimated number of killed is 100 while 34 injured are being cared for in the hospital at Goettingen.

Identification of the killed is extremely difficult and in some cases impossible owing to the mangled condition. The collision is attributed to the inability of the driver of the express to see the signals because of grit which had been blown into his eyes. The crash was a terrific one and most of the cars were crushed down in the wreckage and endured agonies before the end came.

Many of those rescued also suffered prolonged tortures before they were extricated.

THREE INJURED AND ONE DEAD IN FIRE

MEMPHIS, Tenn., July 31.—Miss Viola Blackburn, employee of a publishing company was burned to death and three firemen were injured in a fire which damaged a garage building today.

The property damage was slight. Miss Blackburn was trapped in an office above the garage and was fatally burned before she could be rescued. Austin Donahue, one of the firemen hurt was seriously burned.

MONEY-SPECULATOR WAS BADLY BITTEN

(By the Associated Press)
CHICAGO, July 31.—J. R. Isaacson, a cigar manufacturer today started giving away German marks as cigar coupons. He said he had 2,000,000 marks for which he had paid \$35,400 while traveling in Germany making the purchase as an investment at the rate of \$1.77 a hundred. His total holdings, he figured are worth about two dollars today.

FORMER SECRETARY OF AGRICULTURE HITS AT BROOKHART

(By the Associated Press)

DES MOINES, Iowa, July 31. (By A. P.)—Declaring that Senator Smith W. Brookhart of Iowa had never been known to exhibit sufficient "sustained exertion" to get at facts in any economic problems he had attempted to discuss, E. T. Meredith, former secretary of agriculture, pointed out in a statement to the Associated Press, received here today from Bemidji, Minn., that the grain farmer will receive \$500,000,000 more for his crop in 1923 than he did in 1922 in spite of the slump in the price of wheat.

"There is a conspiracy among certain factions," Mr. Meredith declared, "to misrepresent and discourage the farmer just what he lacks of this pernicious scheme remains to be seen, but one of the big purposes is to make political capital out of this deceit which can be used to the selfish advantage of those taking part in it."

Didn't Get Facts.
"If Senator Brookhart had asked the facts from the United States department of agriculture, he would have found that on July 1, 1922, the price of corn per bushel on the farm was 62.2 cents and on the same date this year it was 86.5 cents per bushel. The farm price of winter wheat slumped from 93 to 87 cents per bushel; oats increased from 37.3 cents to 42.5 cents per bushel and barley from 52.2 cents to 55.7 cents per bushel. These prices were taken as of July 1st."

JUNKING AURORA DE KALB ELECTRIC LINE IS HALTED

Injunction is Issued by Judge
Irwin of Kane
County

(By the Associated Press)
AURORA, Ill., July 31.—Judge Clifton F. Irwin of the Kane county circuit court issued a temporary injunction late yesterday afternoon, stopping the junking of the Aurora-DeKalb electric line, which was bought some months ago for \$90,000 by Israel Joseph, an Aurora scrap iron dealer. The order was entered by the judge on petition of the Illinois commerce commission which decreed May 18, last that the road could not be dismantled until permission had been obtained from the state body. While it did not maintain at that time that it could compel the operation of public utilities at a loss, the commission held that it had not been shown that the road could not be operated at a profit and there was also to consider the interest the public had acquired in the utility by reason of long and continuous service.

Despite this order, Joseph went ahead with the work of junking the line and he has been advised by counsel that permission of the commerce commission was not required because such permission had been obtained from a court of record, namely the Kane county circuit court.

In the injunction entered yesterday William George, president of the old Second National bank is named as well as Mr. Joseph, although the petitioners state that they do not know just what his interest in the road is. Mr. George and Joseph are given 20 days in which to answer the petition on which the temporary injunction order is based.

CAR DRIVER'S BAIL IS SET AT \$10,000

(By the Associated Press)
CHICAGO, July 31.—A coroner's jury investigating the death of Fred Toekelt, motor bus driver, today recommended that Mahlon O. West, Northwestern University Law student be held to the grand jury on the charge of manslaughter.

Toekelt died following an accident July 25, when his bus crashed into a tree to avoid a collision with West's car. Miss Mary Meeker, daughter of Arthur Meeker, millionaire packer and Miss Helen Isham, daughter of Dr. George Isham, were occupants of the West car at the time of the accident and were present at the inquest.

Because most of the witnesses had testified that the speed of the West car was not excessive, arguments by the district attorney in federal court Thursday to make permanent an injunction against Russell M. Renstrom and others of Peoria, restraining them from alleged violations of the federal liquor laws.

JUDGE FITZGERY TO HEAR ARGUMENTS

(By the Associated Press)
SPRINGFIELD, Ill., July 31.—Judge Louis Fitzgery will hear arguments by the district attorney in federal court Thursday to make permanent an injunction against Russell M. Renstrom and others of Peoria, restraining them from alleged violations of the federal liquor laws.

each year and are the farm prices, not the price at marketing centers, from which transportation charges have to be deducted.

"The department would also have furnished Senator Brookhart with the production in bushels of each crop, and their value, at the prices given above. These figures show that the total value of these principal grain crops on July 1, 1922 was \$3,183,682,000, while on July 1st of this year, the total market value at the farm of these same grain crops, was \$3,683,506,000, or \$499,824,000 more than last year."

Must Deflate Pessimism.
"It is time to deflate pessimism in this country and by this, I mean the pessimism that is not sustained by facts. I do not mean that everything is rosy with the farmer. He has borne an unjust share of the post-war liquidation. The prices of the things he is called upon to buy are still too high. But this does not mean, as Senator Brookhart infers that conditions are steadily getting worse, and that the American farmer is bankrupt."

"The grain farmer is in better condition now than he was a year ago, to say nothing of the livestock farmer, the dairyman or the general farmer. The wheat grower has been hard hit, but his condition should not be seized upon to deal a solar plexus blow at the whole agricultural industry."

BIDS ARE OPENED FOR NEW SECTIONS OF PAVED HIGHWAY

No Contracts Let Until the
Bids Have Been
Analyzed

(By the Associated Press)
SPRINGFIELD, Ill., July 31.—Bids for 56 miles of pavement, 80 miles of grading and 27 sections of bridge work were opened here today by the division of highways of the state department of public works.

The average cost a mile for 48.84 miles of pavement including cement will be \$26,860, according to a preliminary analysis of the bids by Frank T. Sheets, superintendent of highways. No awards will be made until all bids have been analyzed as to cost and corrected for possible errors.

Apparent low bidders are:
Route Three, Section 55: Greene county, Nelson Brothers & Co., Jerseyville, \$82,831.12; Section 58, Jersey county, Nelson Brothers & Co., \$91,440.

Route 11, Section C-1: Madison county, W. C. Johnson, Belleville, \$22,101.55; Section 38, Madison county, W. C. Johnson, Belleville, \$29,398.40; Madison county, W. C. Johnson, Belleville, \$6,968; combination A, C-1 and 38, Madison Construction company, Edwardsville, \$66,000; Route 22, Section 13-X, Will county, Powers-Thompson Construction company, \$56,915.63; Section 1, 3-B, Will county, Hoffman Brothers, Joliet, Hebron, \$19,538.50.

Section 31, Section 8, Brown county, Edward J. Efft, Quincy, \$58,707.93; Section 11, Schuyler county, Liet & Gifford Construction company, Kansas, \$117,206.49.

DEATH OF PREACHER BEING INVESTIGATED

(By the Associated Press)
MINNEAPOLIS, Minn., July 31.—Police and the coroner's office today were conducting an investigation into the death of the Rev. M. J. Lockrem, 60, prominent Superior, Wis., pastor, who was found dead in his room at a hotel here last night.

Rev. Lockrem, who was pastor of the Concordia Norwegian Lutheran Church of Superior, was prominent in civic and welfare work in Superior and was well known throughout Northern Wisconsin.

Hotel employees said he had registered there at about 10:30 P. M., and immediately retired. When moans emanated from his room the clerk investigated and found him dead.

Railroad passes, letters and other objects of identification were found in his clothing.

Following a postmortem examination, W. E. Elden, deputy coroner returned a verdict that Rev. Lockrem's death was due to heart disease.

SNOW IN SUMMER

(By the Associated Press)
Calgary, Alberta, July 31.—Snow in mid-summer has laid the crops 15 miles west of here and the foothills are white. Snow also is reported in Banff, Dewinton and Claiborne. A minimum temperature of 38 degrees above zero was registered in some sections.

MANY INDICTED FOR MISUSE OF THE U. S. MAILS

Self Styled Discoverer
of North Pole
Included

(By the Associated Press)
LOS ANGELES, Calif., July 31.—Nearly thirty individuals, including Dr. Frederick A. Cook, who once proclaimed himself the discoverer of the North Pole, and two corporations were indicted by the federal grand jury here today on charges of misuse of the mails in connection with alleged oil swindles in Texas, chiefly at Fort Worth and vicinity.

The corporations named in the indictment were the Revere Oil company and the Oil Operators Trust, both operating in Fort Worth.

David C. Cahill, special assistant attorney general who was sent to Los Angeles to conduct the investigation which resulted in the indictments stated the Revere company had 30,000 investors; that \$1,200,000 was collected through the country and that, with the alleged exchange of stock of defunct companies as charged in the indictments had a capital stock of \$8,000,000. He said the company had absorbed the capital stock of nearly 100 corporations engaged in the oil business in Texas and that most of the defendants figuring in the indictments in connection with the Revere company were former trustees of "dead companies."

The Oil Operators' Trust, Mr. Cahill declared, was a smaller organization but had disposed of about \$1,500,000 worth of certificates, according to the government's contention.

It is understood the grand jury had concluded its investigation as far as Texas oil operations are concerned and tomorrow will begin looking into activities of southern California operators.

COAST GUARD RAID NETS VESSEL AND CARGO OF WHISKEY

Taken Without Resistance
and Held for In-
quiry

(By the Associated Press)
NORFOLK, Va., July 31.—The British schooner Pessaquid was seized by the coast guard in the Maccoutin while within the three mile limit off Hatteras today. The vessel, which had on board 3,500 cases of whiskey was taken without resistance by the crew and is being held here pending instructions from Washington.

Coast guard headquarters here were informed today that the British schooner Pessaquid, seized off Cape Hatteras, had on board only 1,700 cases of liquor, although her manifest called for 3,500 cases. The report of the seizure also said the commander of the vessel had been ashore.

No indication was given as to disposition of the vessel officials announcing they would await more detailed reports.

PETERSBURG MAN HAS SHIED HAT IN RING

SPRINGFIELD, Ill., July 31.—On a platform calling for a ten year vacation for the legislature, James H. Kirby, Democrat, of Petersburg, has announced his candidacy for governor. If elected, he said, he will fill the jails with bootleggers and kill the \$100,000,000 road bond and law too bad to skin. He was a member of the legislature in 1918 and introduced the "high heeled shoe bill" which passed the house and was killed in the senate. Friends of G. E. Nelson, Republican, of Petersburg, also are circulating petitions.

BELIEVED CERTAIN UNDERWOOD'S HAT WILL BE IN RING

Inference That the Senator Will go After the
Democratic Nomination for President is
Drawn from His Speech to Alabama Leg-
islature Tuesday—Would Feel Honored

(By the Associated Press)
MONTGOMERY, Ala., July 31.—Oscar W. Underwood, senior senator from Alabama, minority leader in the upper house of the national congress and appointee of President Harding as representative of the United States in the disarmament conference at Washington, virtually cast his hat in the ring as a candidate for the Democratic nomination for president in a speech to the Alabama legislature here today.

While declaring the question of becoming a candidate was "one that I cannot decide for myself," Senator Underwood told his audience, which packed the historic old state house here and overflowed into the streets, that he had received many honors from the people of the state, but "to have my state for the second time suggest my name as the presidential candidate of my party would be the crowning honor of them all—one that I would greatly cherish and am delighted to receive."

Senator Underwood came to Montgomery as the guest of the legislature to respond to the resolution adopted recently by that body endorsing him as a candidate for Democratic nomination for the presidency.

At the conclusion of his address to the legislature in the afternoon that body resolved itself into a mass meeting, at which additional resolutions were adopted lauding Senator Underwood's record in both branches of congress and offering him to the Democrats of the country as Alabama's choice for the presidency. Tonight the senator passed quietly with friends and tomorrow he will be entertained by the civic bodies of the city at the Country Club.

Replies to Baker.
In addition to enunciating his ideas of the coming presidential campaign in his address today, Senator Underwood took occasion to reply to Percy Baker general superintendent of the Anti-Saloon League who in a recent statement branded the senator as a "wet."

Without mentioning Mr. Baker by name Mr. Underwood recounted his reasons for his votes in congress in opposition to the 18th amendment and the Volstead law and asserted that despite these votes and since the 18th amendment and the Volstead act have become the law of the country stood for rigid enforcement.

Senator Underwood took a fling at the Republican party in discussing the Volstead act when he said he feared that "under the interpretation of the present administration it says they shall not manufacture or sell alcoholic liquors except with the consent of the government."

Reiterates Views.
Before launching into the subject of his candidacy as a southern nominee the senator reiterated previous statements regarding foreign policies and gave his views on taxation with a comparison of the tariff under Democratic and Republican administration. He declared Europe furnished the only market for America's surplus agricultural products, that since the war the only money with which Europe could pay for American products was in trade, but that the opposing party had erected a tariff barrier to European goods which will create a depression in this country as well as the rest of the world.

In announcing his willingness to become a candidate for the Democratic presidential nomination, Senator Underwood declared, "I am willing to do my part, but it must be as the candidate of my own state that I enter the campaign." He pointed out that it has been eighty years since the country has had a Democratic president from the south.

Francis Brasswell of Chapin called on local friends yesterday. E. L. Brookhouse traveled to town from Beardstown yesterday.

Mr. and Mrs. Fred Burch made a trip to the city from Franklin yesterday.

**Many Liners Racing
To Land Immigrants**

(By the Associated Press)
NEW YORK, August 1.—Eight trans-Atlantic liners entered in the race to land their immigrants before the various August quotas were filled. Flashed across the line and into Quarantine within four minutes, immediately after midnight, Eastern Standard time this (Wednesday) morning.

In the next two minutes three more vessels arrived making a total of eleven checked in at 12:08 A. M. Nine more were expected to arrive before morning.

The first arrival was the Steamship America, which arrived at 12:02. The others were listed in the following order: Madonia, 12:03; Orizaba and Argentina, 12:04; Drottin & Holm, Lithuanian, Columbia and Francolin, 12:06; Bremen and Vestris, 12:07; Bergensfjord, 12:08.

LARGEST OIL REFINERY TO CLOSE DOWN

Closing Temporary or
Until Gas Supply
Decreases

(By the Associated Press)
KANSAS CITY, Mo., July 31.—(By the A. P.)—Although members of the Western Petroleum Refiners' association in session here today refused to take official action endorsing a concentrated shutdown of gasoline production in the mid-continent oil field, representatives of several leading refineries announced they had already curtailed operations or planned to do so in order to combat overproduction.

E. R. Perry, of Tulsa, general manager of Cosden & Co., said his refinery would stop the run of crude oil at midnight tonight and would remain entirely shut down the next two weeks, operations after that time depending on conditions. The Cosden Company, the largest in the field, has a rated capacity of 35,000 barrels daily.

E. W. Marland president of the Marland Oil company, Ponca City, Oklahoma, said his plant had stopped gasoline manufacture yesterday and would be shut down all of August at least.

MORGAN FLOATING HUGE SWISS LOAN

NEW YORK, July 31.—J. P. Morgan & Co. announced this afternoon that a \$20,000,000 Swiss loan would be floated in this country. A public offering of three year notes will be made.

BIG LOSS DUE TO FIRE IN LUMBER YARDS

(By the Associated Press)
CEDAR RAPIDS, Iowa, July 31.—Firemen tonight were still pouring water on the plant of the Linn County Lumber company which burned today. The flames for a time threatened to spread to the business district but by the aid of scores of volunteers they were confined to the lumber yard and the Cedar Rapids Fuel company garage and offices which were destroyed. The lumber company's loss was placed at \$100,000 and about \$10,000 was estimated for the fuel company.

The interesting statistics have been divulged that 96 per cent of the people fall below the accepted standard of intelligence. Now, just who fixes this standard for the lonesome four per cent?

One can imagine that Attorney General Brundage felt very badly when he found that court ruling in one of the Fergus cases indicated that payment of highway patrolmen from the state highway fund would be illegal. Thus Gov. Small is prevented from ap-

pointing 100 men to policing positions. Cash corn was quoted yesterday at 90c, almost the price of wheat, so you can argue that the farmer is not so bad off, after all, even though wheat prices have slumped. But the trouble is hereabouts the farmer hasn't any corn.

There continues to be some talk of the organization of a farmer-labor party. Just at present such an organization in the U. S. would make mighty little progress. Now the farmer cannot find any other section of voters whose woes are identical with his own. The farmer wants more for his dollar before he "coalesces" with any one.

Twenty-four deaths resulted from grade crossing accidents on Sunday last. It will be many years before the grade crossing menace is fully relieved, and perhaps it will be a still further number of years before automobile drivers use due care at railroad crossings. Taking a chance is the cause of many a fatality.

It was announced recently that a Jacksonville man expected to remove to another city. He was living in a rented house and within two days the owner received 25 applicants from would-be tenants. A certain way to increase the population of Jacksonville would be by the erection of moderate sized houses for rental purposes.

But the sad fact stares any prospective investor in the face, viz: that at present prices one cannot safely build houses for investment purposes.

MORE NATIVE AMERICANS Figures prepared by the National Bureau of Economic Research indicate that the native population of the United States is increasing. In view of the worried complaint of some persons that immigration lowers the birth rate of the native population by crowding on its means of existence and by introducing low living standards, this tendency to increase is both interesting and hopeful.

The population of the country has gained by 4,390,000 over the census figures of 1920. The present rate of growth foretells a population for continental United States of 120,000,000 by 1930. In the meantime the increase of population from immigration has amounted to only about 800,000 since 1920. In the preceding decade—1900 to 1910—one-third of the nation's increase was directly due to immigration. Today less than one-fifth is the result of the same cause.

These figures, of course, do not wholly set at rest the doubts of persons who regard "native American" as meaning only Mayflower or Revolutionary stock.

Many of today's native Americans had immigrant parents or grandparents. Still, the figures hold much real promise for the future. Surely our Americanization work should be simplified by this development. It ought to be possible to assimilate the annual newcomers a little sooner than some of their predecessors were assimilated.

DEATHS

Gomez The death of Mrs. Violante Gomez occurred at 236 East Washington street Tuesday afternoon at 4:30 o'clock.

The deceased was born in the island of Madeira, coming to this country while still a girl and would have been 82 years old this coming October first. She had been a resident of this state about 70 years, and was married to Refine Gomez 60 years ago. To this union, there were seven children born, of which two sons and one daughter preceded her in death as did her husband about 18 years ago. The following children survive: John W. Gomez, Springfield; Edward Gomez, Chicago; Mrs. Gertrude Crane, Blue Island; and Joseph Gomez of Jacksonville.

Mrs. Gomez was a faithful member of Northminster church, a woman held in the highest regard by all who knew her.

The remains were taken to the Cody Undertaking parlors, from which place the funeral will be held, the time of which will be announced later.

Old Jacksonville

WHEN THEY LEFT US (BY ENSLEY MOORE) Member Illinois Historical Society

Morgan county grew fast at first, being organized in 1823, and consequently not appearing in the national census of 1820, but in 1830 it had a population of 12,714. This increased to 19,214 in the state count of 1835, 19,547 in 1840, in spite of having lost Cass in 1837 and Scott in 1839.

Then it fell back to 16,064 in 1850 (if that is correctly reported) and ran up to 22,112 in 1860, 23,463 in 1870, 31,534 in 1880 and 32,552 in 1890. Since then the growth has not been very fast.

It is to be remembered that the first growth of Illinois was from the southern or southeastern part of the state. The second rush of population was to what was called "the military tract," the region between the Illinois and the Mississippi rivers, and north of their confluence.

The north end of the state filled up rapidly after the Black Hawk War, and the driving out of the Indians from the northwestern part of the state.

For some reason, Mr. Eames, in his History of this county and this city has very little to say about the reasons or process of separating Cass and Scott counties from their good old (or young) mother, Morgan.

Judge John Moses of Winchester in his History of Illinois, also neglects to go into details of the two divisions, that of Cass from Morgan in 1837, and of Scott from Morgan in 1839, and yet Moses would seem to have been interested in the change, at the time he wrote his History, altho too young in 1839 to take official action or part in the separation.

Probably men who were ambitious for political place engineered the matter. It is a pity that the original county could not have kept together.

Morgan had an area of 1,114 square miles at the time it was organized, while it has but 563

FUNERAL SERVICES HELD TUESDAY

Large Gathering at Northminster Church for Joseph Ferreira Rites

Funeral services for Joseph Ferreira, better known as Joseph Smith, were held at 2:30 o'clock yesterday afternoon from Northminster church, in charge of Rev. W. E. Spoonst. Music was furnished by Mrs. James A. Scott and Mrs. Joseph DeFrates.

Those in charge of the flowers were granddaughters of the deceased: Mrs. William Bieher, Mrs. Lillian Wolke, Mrs. Emma Smith and Mrs. Emma Fernandes. Pallbearers were: Walter Fernandes, Ollie DeFrates, Earl Smith, Harry Smith, Luther Smith and Clarence Smith. Interment took place in East cemetery.

In his sermon, Rev. Mr. Spoonst took up the thought of the mystic step of death, using as a text words found in I Sam. 20:3, "There is but a step between me and death." The speaker emphasized the thought that this step of death is both certain and uncertain. All living things have a time to die, nature is filled with illustrations of this fact. Yet death is uncertain, in that man does not know the day nor the hour. The step that takes us thru the gates of death is a solemn act. It divides the position of the one who takes it for all eternity.

Rev. Spoonst then said that the passing from this life to the next is also a lonely step. One must take it alone. The speaker first became acquainted with Mr. Smith at a family reunion about 12 years ago. At that time 96 relatives and descendants were present. Not one of those could take the step with the departed. They were present then because Mr. Smith had invited them. For the first time in 12 years they were now all present again, but this time God had invited them by calling home the father.

The mystic step may be either a sad or a happy step, according to the attitude of the departing soul toward God. For Mr. Smith it could have been nothing other than a happy step.

The minister in giving obituary facts said that Mr. Smith was born on the island of Madeira March 5, 1840, and came to this country and locality in 1852. He engaged in farming most of his life and was counted a farmer of more than usual intelligence and carried on successful operations thru a long period.

Mr. Smith united in marriage in 1862 with Miss Vicentia Vieira, whose death occurred Jan. 12, 1886. In 1888 Mr. Smith married his second wife, Mrs. Julia Vieira, who passed away Aug. 16, 1916.

The deceased is survived by 11 children: Edward Smith, Mrs. Mary Angel, Mrs. Eliza Smith, Mrs. Ella Fernandes, Elmer Smith, all of this city; Henry Smith of Prentice; Mrs. Cynthia Connors of Moline; Mrs. Emma DeFrates of Monmouth; Mrs. Joaquina Dimond of Chicago; John Smith of Chapin; Joseph Smith of Sherman, Ill. There are also, one sister, Mary Smith and one brother, Simon Fernandes.

Mr. Smith left to his large number of descendants a good name, for he had a reputation for integrity thruout all his life. He was faithful in his church relationships and in other ways as well gave evidence of his principles. He was a member of Camp 912, Modern Woodmen for many years.

Among persons from out of

town in attendance at the funeral were: Mrs. Mary Vasconcellos of Springfield, Mr. and Mrs. John Vasconcellos and daughter and James Vasconcellos of Williams-ville, Mrs. Emma DeFrates of Springfield, Mr. and Mrs. Earl Smith of Virginia, Mr. and Mrs. DeSilva of Springfield.

Edgar Craig, of Paris, Ill., stopped off in the city for a few hours visit yesterday with his brother, L. R. Craig, of Chicago street. He left last night on the Hummer for Parsons Kansas.

HURT IN POOL

The visit of Richard Finney of Bluffs to this city yesterday proved unfortunate to the young man as he was slightly hurt twice in the swimming pool at Nichols park. When entering the pool he jumped off the side and landed on his head on the bottom, thus producing a big lump. Later in the afternoon he went in feet first and cut his feet on the cement bottom.

BATTLE OF SIDNEY STREET

Story of Fight in the Toughest
Quarter of the London
Whitechapel.

Grove street and Sidney street in Whitechapel, a quarter of London, in England, is about the toughest quarter in the world. In its dilapidated houses, with forbidding fronts, are the meeting places of scores of radical societies, anarchists and communists, as well as gangs of thieves and criminals of all kinds and character.

Few persons remember about the "Battle of Sidney Street," which took place several years ago. Police had planned to raid a house in which were a number of violent anarchists, led by a Russian character called "Peter the Painter."

The anarchists barred the doors and windows and opened fire on the police. Soldiers were mustered for the fight. They swarmed into the houses on the other side of the street, built up defenses on the pavement, and from every vantage point poured a steady fire into the anarchist stronghold, every window of which was shattered.

The besieged replied with their rifles and automatics until their ammunition gave out. Then the attackers saw a haze of smoke pour lazily out of the windows. In a short time volumes of black smoke issued from the windows, through the crevices of the roof and siding. Soon the place was a furnace from top to bottom.

When the house was a heap of ruins, the police and soldiers found the charred bodies of the anarchists. They had lighted their own funeral pyre.

Such was the famous "Battle of Sidney Street," which took place in the heart of London.

SKILLED AS QUILL MENDER

Author of "Darius Green and His Flying Machine" Once a Schoolmaster.

J. T. Trowbridge, author of "Darius Green and His Flying Machine," was in his early life once a "schoolmaster" in Lockport, N. Y. In those days quill pens were in use, and during the half hour given to the writing lesson the prevailing silence was broken by the scratching of nibs and the frequent appeal, "Mend my pen, Master? Please mend my pen?" Mr. Trowbridge says in a book on his own life, entitled "My Own Story":

"Skill in pen-mending was one of the teacher's indispensable accomplishments; he was likewise required to write learners' copy. Mere drudgery much of this was, and it would have been intolerable to my youth and inexperience and sensitive nervous-sanguine temperament, but for the double necessity of doing my duty to those under my charge, and of earning my humble salary—sixteen dollars a month that season. Yet the pleasure in some of my work atoned for much of the annoyance attending the rest."

Important Question.
A man was arrested on the charge of robbing another of his watch and chain. It was said that he had thrown a bag over his victim's head, strangled and robbed him. There was so little evidence, however, that the judge quickly said:

"Discharged!"

The prisoner stood still in the dock, amazed at being given his freedom so soon.

"You're discharged," repeated the judge. "You can go. You are free."

Still no word from the prisoner, who stood staring at the judge.

"Don't you understand? You have been acquitted. Get out!" shouted the judge.

"Well," stammered the man, "do I have to give him back his watch and chain?"

"Bulls and Bears."
The origin of the stock exchange terms, "bulls" and "bears," has never been satisfactorily explained. The phrase is of great antiquity and can be traced to one of Gibber's plays produced in 1720. It has been suggested that "bear" is a reference to the selling of the bear's skin before killing the bear, while a "bull" is supposed to be a speculator who buys stock for future delivery in the hope that the price will rise so that he can sell out at a profit without taking up and paying for the stock. Contagious, which have been reintroduced, are the percentages paid by the buyer of stock for postponement of transfer day, the term being derived from the Spanish word "cinengo," meaning "I check."

Fair Exchange.
Mrs. Adolph Spreckles of San Francisco, whose sociological knowledge is being wisely utilized by the government, said in a recent interview:

"It often happens that the most quarrelsome couples are in some strange way the most united ones. A woman with a notoriously brutal husband was being commiserated with one day by a neighbor. 'I feel for you all the more,' the neighbor wound up sympathetically, 'because my own husband is so indulgent.'"

"Yes," said the other woman. "I'm pretty generally agreed that he indulges too much."

Burial Spot Well Chosen.
Cecil Rhodes, the founder of Rhodesia, is buried on the top of a hill in South Africa called Matuppo. It is said that there, in his earlier days, he used to climb and dream of the future of the vast country spread at his feet, and that even then he determined that that should be his burial place.

"THE PRESIDENT'S BETTER," IS WORD FLASHED TO WORLD
(By the Associated Press)

Barring complications President Harding has reached the peak of the crisis, Brigadier General Charles E. Sawyer, the president's physician said late today after the formal consultation of five attending physicians.

Dr. Sawyer stated that Mrs. Harding was well, despite strain.

PRAYERS ARE ASKED
San Francisco, Cal., July 31.—The committee of clergymen which had arranged a reception by the clergy of the city to President Harding, today asked that all who had intended to attend the reception to meet at Grace Episcopal Cathedral tomorrow to offer prayers for the speedy recovery of the president.

Archbishop Edward J. Hanna, of the Roman Catholic archdiocese of San Francisco asked all of the clergy within his jurisdiction to offer prayers for the speedy recovery of President Harding and to request their congregation on Sunday to do likewise.

PEPE WILLING SACRIFICE

Rancher on Western Prairie Marries Cranky Cook to Oblige His Old Chum.

In the door of his ranch house on a western prairie, Pete Barker—known as Sorrel Pete—sat idly when his old chum, Mac Towles, rode up the trail.

"Whoop!" shouted Pete. "Jest look who's here! Haven't set eyes on you since you saved my life back yonder."

"No," agreed Mac; "and speaking of that, I'm here right now to remind you of the promise you made then; but I'm most afraid I'm asking too much."

"Sho, I'll bet you ain't, no such thing. What is it? Come right out with it."

"Well, my wife and I want you to come over and marry our cook."

"Just listen to that! Is she awful homely looking?"

"Not so bad."

"Kin she cook?"

"Fine."

"Well, I'm a bachelor man. I like women folks and good cooking as well as any other lonesome old critter does, but where's the favor I'm doing you?"

"Pete, she's the worst tempered woman that ever tackled a rolling pin. My wife don't dare go into the kitchen when the cook isn't feeling amiable, and I wouldn't hanker to, either. And she won't let us discharge her; we've tried that, but she just simply wouldn't have it. Our only hope's in marrying her off, and we thought of you—but I guess the sacrifice is too much to ask."

"Sacrifice nothin'!" shouted Pete. "I'll hike right home with you and marry the gal immediately, if she'll say the word. Things have been pesky quiet here lately; no fights nor nothin'. And anyhow, Sorrel Pete never goes back on a promise. If an old chum that saved my own life at the risk of his own makes a pint of me marrying a cranky cook, I'll do it. Come on!"

FISHES THAT ARE FREAKS

Flounders and Soles Have Both Eyes on Same Side of the Head.

In flounders and soles the head is unsymmetrically formed, the cranium being twisted and both eyes being placed on the same side. The body is strongly compressed, and the side possessing the eyes is uppermost in all actions of the fish. This upper side, whether right or left, is colored, while the eyeless side is white, or very nearly so. It is well known that in the very young flounder the body rests upright in the water. After a little while there is a tendency to turn to one side, and the lower eye begins its migration to the other side. In the tropical genus the movement of the eye is easily followed, as the species reach a larger size than do most flounders before the change takes place. The larva, while symmetrical, is in all cases transparent.

He Belonged.

William P. Knappe had just taken office as clerk of the United States District court for the district of Indiana, succeeding Noble C. Butler, and was not as well known to some of the out-state attorneys as Mr. Butler had been. One of such attorneys came into Mr. Knappe's office, saw Mr. Knappe sitting at his desk and, in an irritated tone asked: "Do you belong here?"

"Yes."

"Do you stay here all the time?"

"Oh, no," Mr. Knappe told him reassuringly, "I go home at night."

The old lawyer walked humbly out of the office, remarking to a deputy clerk: "That young fellow in there was pretty smart. Acted as if he owned the place."—Indianapolis News.

At the end of the season the huntsman of a famous pack of hounds went round paying for any damage done to fields, and so on.

In one farmhouse he found only the wife at home. He explained his errand to her.

"Has your husband made an examination yet?" he asked.

"That he have, sir," replied the woman.

"Rather a cursory examination, I suspect?"

"Oh, dreadful!" exclaimed the woman, with hands upraised in horror. "Such language I never thought to hear—never!"

Makes It Easy to Oil Floors.

An oiler for hardwood floors has been developed for use any place where it is desirable to lay the dust and preserve the wood.

The appliance, shown in Popular Mechanics Magazine, is operated by air pressure. It has a cylindrical tank in which an air pump is incorporated, and a spring-tension attachment that controls a tiny sprayer.

In use a gallon of oil is placed in the outfit, a few pounds of pressure pumped into the tank, after which the operator is enabled to spray the floor rapidly.

Safety Demanded It.

"Willie pondered for a minute, and then replied, 'Dad!'"

"Well, Willie," said his mother, "I am surprised at you! I felt sure you loved me best."

"Sorry," replied the young hopeful, "but we men must stick together."

LOCAL MAN TO DIRECT WHITE HALL BAND

J. Bart Johnson to Make Regular Visits to White Hall to Direct Band Organization—Other White Hall News Notes.

White Hall, July 31.—The ambitions of the local band organization were given further impetus by the visit on Monday of J. Bart Johnson of Jacksonville.

His visit was in response to an urgent invitation, and he spent the day among members and prospective members, meeting with the band at the regular rehearsal at night, at which it was arranged for regular visits by this prominent Illinois band man.

He is familiar with the local organization as constituted by the original members, and his great work will be in directing new blood into it in order that a permanent and businesslike organization will be insured in a way that will encourage financial support by way of individual contributions and otherwise to an extent that might be termed an endowment fund.

An open air concert will be given at Whiteside Park next Saturday evening under the direction of F. A. Brooks. The social feature connected therewith will be conducted by the 4-19 class of the First Baptist Sunday school. Mr. Johnson is arranging for the co-operation of the board of education as well as the city council in his plans for giving White Hall the greatest band organization in its enviable history in that respect.

Elder J. O. Raines has returned from Jacksonville, where on Sunday he officiated at the dedication of a new house of worship by the Baptist denomination. Mr. Raines' services in this respect continue to be called for, he having a large record as a builder and organizer of Baptist churches but his activities have been less devoted to missionary enterprises since the work of the Illinois Baptist State Convention, of which he was executive secretary, have been taken over by the Southern Baptist convention.

Last week he took part in the funeral services over the remains of Rev. A. V. Weber at Bethel church in Macoupin county. These services were in charge of Rev. N. M. Antrobus, and seven men preachers took part. Rev. Weber died at his home at Hettick, and all business there ceased as the funeral party left with the remains.

George and Robert Dalrymple, accompanied by their mother, came down from Toulon for a week end visit at the home of R. C. Hartman on North Main street.

They were accompanied by the return by Miss Margaret Dalrymple. They were very sociable and charming people, and made a number of friends here.

W. F. Bradford is preparing to move to Roodhouse, where he is in charge of the filling station of the Richardson Oil company.

George W. Gramer is getting his printing outfit set up in the basement of the Ruckel building, and states that the initial issue of the Daily Star will appear on Saturday, August 11th. It will be a six column folio, half home print.

Weekly Crop Report.

There is no necessity for the citizens to become excited over the municipal water situation, according to the weekly weather and crop report for this station, quoting a statement by Mayor H. W. Roodhouse. The report is for the past week ending Monday, and shows rainfall of 1.35 inches, making the total for the month thus far 1.71 inches. The temperature has been moderate, the mean maximum being 87.4 degrees, the highest reading being 95 on the 24th, and a mean minimum of 64.7 degrees, the lowest reading being 57 on the 26th. Threshing operations were suspended from Friday noon until Monday evening on account of wet ground. The wheat will be mostly threshed in two weeks. The railroads are coping with the crop movement admirably.

The condition of corn has been restored to excellent, but meadows, pastures and garden truck have been so badly damaged as to require much more rain. Oats on the other hand are averaging about forty bushels to the acre, and a continuance of rainy conditions means damage in the shock. The bulk of timothy hay is of good quality and the bulk of the second crop of alfalfa is cut and of good quality. Alfalfa is bringing big returns this year, meaning for the year an average of \$10 per acre net returns. The acreage devoted to alfalfa in Greene county is growing annually in a large degree. The net returns on alfalfa in comparison with wheat this year is interesting with the figures of wheat averaging \$25. Last year's wheat average is placed at \$17. The rains at the close of the week are destined to start considerable plowing of stubble. There were never so few stock cattle in this section of Greene county, and there will be large purchases later. The redeeming feature with reference to the corn situation during the drought has been the cool nights. With everything considered, farmers are very well satisfied this year. It is reported that Hillview is bidding 50c for new corn.

It is predicted by W. H. Helms that there will be the finest quality of apples produced this year, but the yield will be lighter. He says that the bulk will be the best grade.

White Hall has met the municipal water situation by connecting the city reservoir with the body of water known as the "clay hole" on the premises of the sewer pipe works out in the clay fields. The company made it a condition that the Burlington railroad be cut off and that the milk condensing plant be reduced fifty per cent. These conditions

have been complied with. The Burlington will haul water from Beardstown, and the condenser people will make two runs daily instead of three and will ship the Wrights supply of milk shipped direct to St. Louis. This takes care of all the milk production. In the meantime the city engineering department is planning a water supply that will meet all future needs. Local meteorological history has been drawn on to solve this problem, and this is one important instance of the value of the co-operative station value of the weather bureau, the rainfall tables for White Hall dating back to 1851, the oldest record in the state except Peoria, which rainfall record dates from 1852.

An Open Letter

To Tire Users of Morgan County

A manufactured article which depends entirely on workmanship and material, made on a quantity-production basis, is very apt to vary in quality.

The effort at uniformity of product is therefore responsible for the slightly increased cost of goods offered for sale.

To you as a user of tires, one tire means everything. If it is a good one you have pleasure and safety. If a poor one you have grief and danger.

Are you sure the tire you purchased at a few dollars saving is a good one? Are you sure if you go back where you got it the merchant will be there and still be selling that brand?

It is for the reasons stated above we have handled a quality tire, made by an organization that want to deliver to you what you pay for, that is, "every tire 100% a tire."

If you too are trying to do your part 100% and appreciate quality and fair dealing, come on and join us. We are both going the same way.

DORT SIX

Each additional mile in the Dort Six Touring Car satisfies you more and more that you invested wisely. The powerful motor seems to gain new vigor as the mileage figures mount. The low maintenance cost is astonishing to both new car owners and owners who have driven other cars. No matter where you drive or how far your trip, the Dort Six Touring Car is always even tempered, always dependable. In rich black, with glistening nickle-trimmed, it is one of the most beautiful and sturdily built cars you have ever seen. It possesses certain inherent qualities that give it a value distinctly above the ordinary.

DISTRIBUTIVE LAW
EFFECTIVE IN 1924

New Plan for Apportioning the School Funds Passed by General Assembly.

Supt. of County Schools H. H. Vasconcellos has been notified that the law passed by the last general assembly changing the method of distributing the state school fund will not be effective until 1924. Under the old law the fund was divided on a per capita basis. There are numerous things to be taken into account in the new law and the amount each school receives will be based upon the number of teachers and pupils, the assessed value of property in the school district, the training of the teachers, the number of school days taught and other facts.

Next year the county school superintendents will be expected to collect the necessary data and transmit it to the state department before the funds are distributed. Under the present law the average amount for distribution totals \$8,000,000.

LOCAL COLORED MEN
IN AUTO COLLISION

A colored man of this city named Thomas was driving his car on the hard road Monday and collided with a car driven by a Decatur resident. Both cars were slightly damaged, but fortunately no one was hurt. Thomas recently had a narrow escape when he was riding was struck by a Wabash train at the Ashland avenue crossing. The car was wrecked beyond possibility of repair. In the accident Monday, which occurred east of the city, Thomas was accompanied by two other colored men.

ANOTHER HOTEL NAME
G. B. Andre yesterday suggested a name for the new hotel which will soon be erected in Jacksonville. The name suggested is, "The Dickson," in honor of Captain Harrison Dickson who gave his life during the World War in France. Mr. Andre's thought is that aside from the honor to the name of Captain Dickson, the name also sounds well and would be easily remembered.

FIEDLERS BACK FROM
EXTENDED AUTO TRIP

Camp in Many Cities and Towns on Route But First No Tourist Camp Better Than One at Jacksonville — Visit Canada and Niagara Falls.

Charles A. Fiedler and brother Curtis Fiedler, Dorothy, Verne and Farrell Fiedler, and Miss Ruth Evans have returned from an extended tour of the lake states and the border provinces of Canada. They toured the country by auto, taking advantage of the tourist camps scattered throughout the smaller cities and towns along the route. Mr. Fiedler states that they found no camp any better than the one at Jacksonville, and that many whom they met had camped here and gave a high praise to the local facilities for the convenience of tourists.

The Fiedler party went from here to Bangor, Michigan, where they visited Mr. Fiedler's sister, Mrs. Lee. From there they motored to Detroit, where they spent two days in camp on the shores of Lake St. Clair. They found that the large cities afforded few conveniences for tourists, and these were not free. It was necessary to go sixteen miles out of Detroit before a camping place could be found.

From Detroit the party drove to Toronto, Canada, via Port Huron and Hamilton, Ont. They then shipped by steamer to Lewistown, N. Y., and proceeded to Niagara Falls. Here they found a large tourist camp, which is proving a great success. On the first night in camp at Niagara, two hundred autos were registered. Tourists were on the ground from every state in the Union, except South Dakota. The citizens of Niagara Falls are proud of their camp, which is yet in the experimental stage. If this proves a successful year, it is planned to install electric lights and a water system on the grounds before another season.

After leaving Niagara Falls, the Fiedler party returned to Jacksonville by way of the middle states, passing thru Ohio and Indiana enroute.

TURNED OVER TO SHERIFF

Thomas Dixon of Alexander who has for a number of days been wanted by local authorities on a charge of operating a liquor still, yesterday came to the city and gave himself up. Dixon is charged with owning and operating a still, the equipment having been found beneath his residence in Alexander when a recent raid was made there. He was brought to the city by Ben Davenport and turned over to Sheriff Wright.

THREE DAY CHAUTAUQUA
AT MURRAYVILLE

On Thursday, Friday and Saturday of this week Murrayville will hold a Chautauqua that has come as a surprise even to the residents of that locality.

Although the town held a chautauqua meeting last season, no arrangements had been made for the present season, and nothing was known of the project until Saturday when a contract was signed with the All American Chautauqua System to furnish the talent. The affair will be in the nature of a free gathering during the day and admission will be charged at night.

ALL READY FOR THE
BROOKLYN BURGEOO

Committee Have Plans For The Day All Well in Hand.

Brooklyn church is all prepared to face the hungry today from noon till midnight on the church lawn on South East street. One hundred and fifty gallons of burgoo was prepared and put on the fire at midnight last night and will be cooked continuously until noon today to make it thoroughly to the liking of the large crowd which will undoubtedly be present.

Frank Bourn, who has had general charge of arrangements has been busy with his committees for about a month completing arrangements for this grand spread, and his assistants evidently have thoroughly done their part. William Hembrough and E. E. Boswell secured the three large kettles, and the wood for the fires was supplied by Messrs. Stansfield and Curtis. The soliciting committee, of which Mrs. Charles Curtis is chairman, secured as ingredients for the soup, 3 bushels of tomatoes, 3 bushels of onions, 2 dozen cans of corn, 15 soup bones, and, Oh, man, 54 fat hens, to say nothing of a liberal allowance of potatoes, macaroni, rice, etc. The cooking of the soup is under the supervision of Mrs. Emma Taylor.

There will undoubtedly be a number of people present who do not care much for burgoo so the committee are prepared to meet almost any taste in edibles. Miss Marie Cohen who has charge of the cakes expects to have about twenty-five of different kinds by noon today, while Mrs. Charles Sheppard will have about fifty pieces of various kinds. Mrs. William Bond and Mrs. William Hembrough will serve sandwiches, and Mrs. Sidney Bond and Mrs. Nina Gaskins will have plenty of ice tea or hot coffee, according to the taste of the guest. If you prefer ice cream, Victor Sheppard will see that you are properly served. Mrs. Charles Curtis with a large corps of assistants will greet you in the dining room which is arranged to seat 100 people at a time. C. A. Boruff and John Kasrup will "get the money."

The advertising has been in the hands of Messrs. Bayless and Thompson, and Messrs. Clement and Dickinson have attended to the decorations and lawn arrangements.

The Tea Tray will be closed during the month of August.

We will gladly show you how the cars are constructed, and give you a demonstration.

As to service we will give the very best. Our motto is courtesy and service. Durant and Star Cars Dealer, J. F. OVERMAN.

WOULD BRIDGE
THE BRITISH CHANNEL

Allan C. Rush of Los Angeles California, and a former Illinoisan an engineer of wide fame, has prepared plans and specifications for a bridge to span the English Channel. People who have some knowledge of engineering will be especially interested in the proposal to build a bridge a distance of twenty-five miles. Mr. Rush proposes to place piers at a distance of 4,000 feet, with weight bearing power and tensile strength of the cables between the piers of 340,000 tons. The width of the bridge Mr. Rush suggests is 122 feet and the height is 150 feet. An estimate of the total cost of the proposed structure is \$170,000,000.

FREIGHT WRECK ON
THE WABASH ROAD

Eight Cars of Oil Destroyed Near New Salem—Passenger Service Delayed.

An eastbound extra on the Wabash was derailed near New Salem early Tuesday morning, wrecking eight cars of oil which took fire and were completely destroyed. Passenger train No. 8 which is due to arrive in Jacksonville at 12:56 A. M. was reeled from Hannibal over the Burlington to Louisiana and had orders to run over the Alton from that point to Jacksonville, getting back on their own rails here and proceeding east. However, by the time the train reached Roodhouse word was received the large wrecker which had been called from Decatur to clear up the New Salem wreck, had suffered a derailment near Bates, thus tying up the road both ways out of Jacksonville. Thus No. 8 was forced to run into Springfield over the Alton Air Line out of Murrayville.

The track at New Salem was finally cleared at 8:30 o'clock last night, and trains began passing through on their regular route. Prior to that time all trains that it was possible to detour were sent over the Keokuk branch from Bluffs. Passenger train No. 9 which passes Jacksonville at noon did not get by the wreck until 8:30 o'clock last night. No one was hurt in either of the derailments but the loss in the wreck at New Salem will amount to a considerable sum. The cause of either derailment could not be learned.

W. N. HAIRGROVE TO
MAKE TRIP TO NORTH

Local Man to Spend Number of Weeks in Trip Thru Canada and Alaska—Will be Accompanied by Long Time Friend.

W. N. Hairgrove, well known attorney of this city, expects to leave tomorrow evening for Chicago, where he will be joined by S. J. Jones and wife and the party will then leave for an extended trip to the northwest. Mr. Jones, who is a long time friend of Mr. Hairgrove, is connected with the Chicago State bank and is prominent in the business life of the great city.

The travelers will go first to Duluth, Minn., and from there into Canada. They expect to visit Winnipeg and Jasper Park and at Prince Rupert will take the boat for Wrangell, Alaska. They also contemplate a boat trip to Telegraph Creek and back to Wrangell, and on August 21 will sail for Seward. From the latter point they will travel by rail to Fairbanks and from there will take a 300 mile motor trip on the Richardson highway to the Copper River region. Among other points they expect to visit are Cordova, Vancouver and Seattle.

Mr. Hairgrove made a somewhat similar trip last summer and expects to meet this year a number of the friends he made on the former trip. The travelers planned their own route and are to visit only localities in which they have special interest. They expect to be gone until October 1.

LOCAL PEOPLE MEET
IN WESTERN CHURCH

Thirteen local people met accidentally recently at the Central Christian church in Los Angeles on a day when the Rev. Mr. Thrapp formerly pastor here was scheduled to speak, according to a letter received by Dr. C. E. Scott from his wife, who is visiting in the western city. The surprise of seeing so many old faces in one place and all at once may be imagined. Both Rev. Thrapp and his former parishioners were glad to renew old acquaintance after the services. The names of the thirteen are as follows:

Mr. and Mrs. Will Huffman, Mrs. Joy Green, Mrs. J. Anderson, Mrs. C. E. Scott, Mrs. Nellie Sanderson, Mrs. Will Bobb, Cyrus Sanderson, Mr. and Mrs. Arthur Anderson, Mrs. H. P. Marsh and Miss Mary DeWeese, who was secretary to Mr. Thrapp and afterwards to Mr. Pontius.

LEAVING FOR COAST

Mrs. Wesley James who is to leave tonight for a visit in California, will join her mother, Mrs. C. E. McDowell, and her sister, Mrs. Robert Hall, in Kansas City. They will take the Union Pacific to the coast state. Mrs. McDowell has for some time been a guest at the home of her daughter, Mrs. Hall, who lives near Kansas City.

QUICK DELIVERY

F. V. Correa made some quick delivery of hogs yesterday morning for Yuba Funk, about 24 miles north of the city, he hauled in eight truck loads to the Jacksonville Packing Co., 118 porkers, averaging 240 pounds, the whole in 4 1/2 hours, and it wasn't much of a day for trucking either.

MYERS BROTHERS

BAPTIST PASTOR
TO HAVE VACATION

The pastor of the First Baptist Church, Rev. A. P. Howells will spend his August vacation in Jacksonville, except on the week ends, when he will supply for the pastor of the Maplewood Baptist Church, St. Louis, Mo. This is the third summer that the Jacksonville pastor has supplied churches in St. Louis during his vacation. This year he fills the pulpit of Rev. Wm. L. Nash, the dean of St. Louis Baptist pastors, who has been on the same field for over 5 years.

At the Jacksonville Baptist church there will be the usual summer services throughout the month of August, with the exception of the last two Sundays, the chautauqua period, when the church will join with the other churches in union services. On Sunday morning August 5, and 12, Rev. Ernest C. Rutherford will preach.

The five prayer meetings of the month will be in charge of William J. Boston who will conduct them.

The open air services on the lawn of the Baptist Chapel on Ashland Avenue, will continue throughout the summer months on Friday night.

MANY IMPROVEMENTS
AT ROUTT COLLEGE

Many needed improvements are being made during the vacation months at Routt College, one of the most important being the enlargement of the athletic field, which when completed will extend back to East College Avenue. The house at 458 East College avenue, recently occupied by John Carl, has been purchased by John E. Coone, principal at Routt and will be removed to Hardin avenue and remodeled. The lot thus made vacant will be used for football, baseball and tennis courts.

Work on the new dormitory is progressing slowly on account of the failure of supplies to arrive, but everything is certain to be completed in time for the fall opening of the school.

WILL TAKE MOTOR TRIP

Mr. and Mrs. Alvin Carpenter, sons Paul and Ruel, residing 7 miles southwest of the city, and Mrs. Carpenter's sister, Miss Ethel Gaines of Litchberry will leave this morning for a motor trip to Minneapolis, St. Paul and other Minnesota points. While in that state they will visit with another sister of Mrs. Carpenter, Mrs. Austin Gaither and family of Cloverton. The trip will cover about 1400 miles and the members of the party are planning on being gone at least two weeks.

LEAVING FOR COAST

Mrs. Wesley James who is to leave tonight for a visit in California, will join her mother, Mrs. C. E. McDowell, and her sister, Mrs. Robert Hall, in Kansas City. Many Porkers Expected On Exhibition at the Fair

The hog department at the Morgan county fair promises to be one of the most complete and interesting on the grounds this year. Preparations are being made for a much larger number of pure bred hogs on exhibition this season than ever before. It is probable that permanent sheds will be built to shelter the animals. Sufficient gates for the pens are already on hand. If tents are rented, three would be required, each 70x120 feet in dimensions.

The premium amounts have been considerably increased in this department, and this is expected to draw much high class stock into the exhibition that has not before been entered. Following is a copy of the rules and the premium lists:

SWINE

Howard Stevenson, Superintendent
C. R. Gibson, Assistant Superintendent

Entries close Saturday, August 25th. A rental of \$2.00 per pen and an entry fee of 50 cents for each entry excepting for championship classes will be charged. These fees must be paid to the Secretary when application for entry is made. The application must state the number of swine to be exhibited; the classes in which they will enter, and the number of pens wanted; so that a sufficient number of pens may be prepared. Pens will be reserved in the order in which entries are made. Not to exceed one helper's ticket will be furnished with each \$10.00 of entry fees and pen rent paid. Exhibitors making entry by mail send \$1.50 for exhibitor's ticket.

All animals must be in their pens ready for showing by 9:00 a. m. Tuesday, August 28th.

Exhibitors should leave some one in charge of stock and be ready at all times to show, as show will not be postponed for anyone not being ready to show.

Anyone trying to avoid the rules, will be barred from further showing.

In cases where there is no competition in any class, First Premium will be awarded on merit; but only second premium will be paid.

Satisfactory proof of the breeding of each animal must be furnished the Superintendent by 9 o'clock a. m. Tuesday, August 28th. Failure to comply with this rule will exclude animal from entering the ring.

All hogs must be immunized against cholera at least thirty days prior to fair and be able to produce certificate of health to superintendent if called for.

Base dates for awarding premiums will be March 1st and September 1st.

All sows over two years of age must be proven breeders.

MANY VISITORS IN BLUFFS NOW

Mrs. Emma Rockwood Returns to Kansas City—Roundhouse Foreman Has New Home.

Bluffs, July 31—Miss Emma Rockwood of Kansas City, Kansas, who has been for the past two weeks visiting relatives in Springfield and Bluffs, returned to her home Sunday.

Emery Beird of Chicago spent the week-end with relatives in town.

Della and Wayne Lake, children of Mr. and Mrs. Wm. Lake, are expected to return home Tuesday after a six weeks visit in Nelsonville, Mo.

Mr. Stevens, roundhouse foreman, and family have moved in the Monroe Taylor cottage, in the west part.

Mr. and Mrs. Frank Schmidt and little son are visiting the latter's mother, Mrs. T. S. Trich in St. Louis.

The joint sale of household goods sold by Mrs. Margaret Tewbury and Messrs Jess Batley and Henry Pinkerton was well attended. Articles sold brought fair value. H. D. Kilpatrick was auctioneer and E. G. Gray clerk.

Richard Reid of Springfield is critically ill at the home of his brother, Mr. and Mrs. Thomas Reid.

Little Marcella Bates is quarantined at her home, suffering from an attack of the measles.

Mr. and Mrs. H. M. Nunn of Sandusky, Ohio, are guests of her sister, Mrs. Charles Bridgman and family. They expect to locate here.

Miss Garnet Patton who has been employed in Peoria for some time is visiting her parents, Mr. and Mrs. B. S. Patton.

Dr. Stewart, wife and son James, who are spending their vacation in Yellow Stone Park and other points of interest in the west are expected to return home this week. His patients are being cared for by Dr. C. A. Evans during his absence.

"The Town that Forgot God" at the Photoplay theatre Friday and Saturday nights drew a full house both nights.

Ella Cordelia Drake of Chapin who has been the guest of her aunt, Mrs. Lois Knoepfel, has returned home.

SUMMER RELIGIOUS SCHOOL THIS MONTH

Evanston, July 31—The fourth annual session of the Northwestern summer school of religious education will be conducted by the Board of Sunday Schools at Northwestern University August 20 to 31. The school is one of a series of six such schools being conducted by the board this season in colleges and universities in various parts of the country.

The range of subjects offered is intended to meet the requirements of all—pastors, directors of religious education, superintendents and other officers, teachers and especially young people who look forward to any place of responsibility and leadership in the work of the church.

Professor Norman E. Richardson is dean of the summer school faculty.

Mrs. Alfred Brockhouse, of Concord called on local shops Tuesday.

Charles Meyer was one of the many Concord people shopping in Jacksonville yesterday.

Always best—New Moon Coffee.

CHOOSING DELEGATES FOR M. E. CONFERENCE

Champaign, Ill., July 31—(By the Associated Press)—Eight lay delegates and eight ministers will be chosen at the annual meeting of the Illinois conference here September 12 to 18 to represent this conference at the general meeting of the Methodist church in Springfield, Mass., next May.

The interest in the coming gathering of ministers and laymen centers about the coming election, since representation at the national meeting is considered to be one of the most important actions to be taken at the September gathering.

Bishop Nichols, who has presided for several years, will govern the conference sessions.

The laymen's meetings are held only once in four years—the year before the general conference.

J. C. Lynn and son, Richard, were representatives of Virginia in the city yesterday.

HARRY WILLS CLAIMS PRIORITY OVER FIRPO

Appeal Made to New York State Athletic Commission

NEW YORK, July 31.—The New York State Athletic commission today discussed the scheduled Dempsey-Firpo championship match and heard Harry Wills, negro heavyweight and his manager, Harry Mullens, plead for the chance at the title but refused to declare its attitude in either case.

The commissioners announced that Tex Rickard, promoter, had not made application for a license to hold the Dempsey-Firpo encounter and that until he did they had no specific interest in the matter. They said they had had a "nice long conversation" with Wills and Mullens regarding Wills' claim for priority over Firpo in meeting the champion. It was understood they said in the papers Dempsey and Wills signed before the commission some months ago, that the two would meet for the title, but they had seen nothing in the agreement that would prevent Dempsey from meeting another boxer first. They intimated however, that when the Wills case was placed before them officially they would vote on it.

Wills' agreement with Dempsey was negotiated under the old organization of the commission when William Muldoon was the sole power. Under the re-organization creating the license commission and taking away a majority of Muldoon's power, Wills claim necessarily would have to be voted upon.

Until the application for the Dempsey-Firpo license is received by the commissioners, Wills' claim, it is believed, will be held in reserve.

WINS CHAMPIONSHIP

GETTING TOO FAT? TRY THIS—REDUCE

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Avenue, Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily, without starvation diet or tiresome exercise.

BRAVES STAGE BIG BATTING RAMPAGE

Dumovich and Barnes Pitch Good Ball—Keen Pounded All Over the Lot

CHICAGO, July 31.—Boston went on a batting rampage, cracking out 16 hits for a total of 25 bases and made it two straight from Chicago today, 6 to 3. The visitors won the game in the first inning by pounding Victor Keen all over the lot. Dumovich pitched good ball from the second inning. Jess Barnes pitched a steady game and was backed up by four double plays which broke up Chicago rallies.

Market Report

By The
Associated
Press

STOCK MARKET IS SHOWING WEAKNESS

FINANCIAL.
Total stock sales \$18,000
shares.
Twenty industrials averaged
\$6.91. Net loss 1.20.
High 1923 — 105.38; low
86.91.
Twenty railroads averaged
77.14; net loss .99.
High 1923 — 90.63; low
76.85.

NEW YORK, July 31.—Fresh
weakness developed in today's
stock market as a result of the
overnight turn for the worse in
President Harding's condition.
Speculators for the decline again
offered blocks of stocks which
were increased by the offerings of
frightened investors. Losses of 1
to 4 points took place in most of
the speculative favorites, the av-
erage of industrial stocks against
establishing a new low record for
the year.

Selling pressure was most ef-
fective against the oil, sugar,
steel, equipment and automotive
stocks altho a large number of
registered substantial recessions
on the day.

Liquidation of the oil shares,
which has been in progress for
some time because of the unfavor-
able conditions in the industry
assumed large proportions in a
few issues today on reports that
recently formed pools were break-
ing up after an unsuccessful cam-
paign to boost prices.

Coden broke new more than three
points to 30½, a new low and then
rallied to 31. Losses of two points
or more also were established by
Pan-American, Houston and
Marland.

Baldwin broke 3½ points to 11½
also a new low, while Studebaker,
Chandler, Stromberg carbure-
tor, Mack Truck, Davison
Chemical and a number of other
active issues were off 2 points or
more.

In the railroad group new
lows were established by St. Paul
common and preferred, Atchison,
Missouri Pacific common and pre-
ferred, while Great Northern pre-
ferred and Northern Pacific dupli-
cated their previous minimum
prices. German marks were
again below \$1 a million.

Active United States govern-
ment bonds held within narrow
limits. The tax exempt 3½s mov-
ed up 1-32 of a point, second and
third libertys were unchanged,
and the others were off fraction-
ally.

Chicago Cash Wheat

CHICAGO, July 31.—Cash
wheat today finished 1½c bet-
ter. Premiums and discounts
were firmer for winter grades,
spring grades unchanged. In
spite of liberal receipts cash
wheat continues in good demand
with elevator houses and millers
the best buyers. Local sales were
5,000 bushels and there were
sales of 50,000 bushels to go to
store here. The seaboard esti-
mated 400,000 bushels of wheat
worked for export.

Corn closed 1½c better. Premiums
were unchanged for No. 2
mixed, white and yellow. There
was a good demand for cash corn,
with elevator houses the best buy-
ers. Local shipping sales here
were 110,000 bushels, and vessel
room was chartered for 150,000
bushels, to Georgia Bay.

Oats closed 3c better. Premiums
were unchanged to 4c lower for
No. 2 white. Discounts for
No. 2 white were 4c lower; de-
mand was good especially for
heavy grades.

Local shipping sales here were
95,000 bushels, and there were
sales of 5,000 bushels to go to
store here.

Cars inspected: Wheat 630;
corn 246; oats 80.

Morgan County Fair Notes

The Morgan County Fair Association will issue a very attractive ten-page booklet giving full information as to each day's attractions and where each event will occur, thus saving visitors a great deal of wonder and bewilderment as to where each event will take place, and the hour of each. These programs will also carry advance notices of the different fairs in this locality and a little information concerning the same.

Work on the new Midway is now completed, and the association is now ready to close contracts for concessions during the fair, details of which can be obtained at the Chamber of Commerce rooms. The Midway is along the same lines as that of last year.

From the program issued for the second day of the fair, Wednesday August 29th it would seem that the day and evening are thoroughly crowded with interesting events, of such a variety as to appeal to any taste for amusement. The program for the day is given below:

9:00 a. m. Judging and special exhibitions in the poultry department under the supervision of D. T. Heimlich.

10:12 a. m. Special exhibits in the horse and cattle departments, and showing of animals in the stock ring.

1-2:00 p. m. Special exhibits in the children's department.

2:30 p. m. More of the \$2,000 in free acts in front of the big grand stand. Ardell's Famous Dog Show and the Famous Sailor Perch exhibition will again feature.

Supr. Scott Green announced the following as the race program for the afternoon:

2:25 Pace—\$200.00 added money.
2:29 Trot—\$200.00 added money.
Green Half Mile Trot—\$50.00 added money.

Mule Race—\$15.00 added money.
7:30-10:00 p. m. Special acts in front of the grand stand, including a feature act by Ardell's Dog Show and the Famous Sailor Perch act. A fine musical will be given by the Lewis Musical Company.

FOREIGN ACTS

Big Feature of Walter L. Main Circus This Season.

The Walter L. Main Circus now in its 44th annual tour, will exhibit in Jacksonville, Monday, August 6th, for one day only, and will present on this date, it is said, the greatest assemblage of noted foreign acts ever seen beneath a circus tent. The show's foreign agents were commissioned last fall to engage only the most sensational features now being shown with foreign circuses and in vaudeville, and the result has been the bringing to this country for this season's tour a long list of European acrobatic stars. From Spain, Russia, Australia, England, Arabia and other foreign countries there will be artists and acts entirely new to the American circus patrons; among them The Wirth Family, The Seven Lloyds, Ben Hassana, Arabian Wonders, Marguerite and Hanley, the Great Upside Down Dooley and Maximo, the world's greatest wire artist.

There is also some special animal acts; the Downie Doodle here of educated elephants, which include "Royal Carrie," the one step and shimmy dancer and the pair of twin baby elephants that do a special novelty act exclusively for the children visitors to the big show.

CAN ANY ONE HELP?

A devoted man who has spent his useful life in caring for orphans and other helpless ones very much needs an unabridged dictionary. He would be glad to get one even if not of so very recent date. If any one has such a volume of Webster and will notify S. W. Nichols it will be called for and sent to a man who has done a vast amount of good.

PICNIC POSTPONED

On account of so many members being out of town the annual picnic of the Woman's Foreign Missionary Society of Grace church has been postponed indefinitely.

HERE FROM PEKIN.

Mrs. J. W. Guthrie of Pekin, Illinois, is visiting in the city as the guest of her daughter, Mrs. A. D. Hagan and family, 612 South Clay Avenue.

Miss Anna Kepford of Beardstown was a city caller yesterday.

TREASURE BURIED AT HOME

Rich Royalists Buried Their Valuables When Washington Turned Tables on British.

Why go outside the United States to hunt treasure? There is lots of it buried at home.

When Washington turned the tables on the English in the Revolution, he took by surprise the rich royalists of New Jersey and Maine. Many of the latter, finding they had no time to get their treasures safely away, buried them. Money, rare china, silverware, jewelry and other articles of value were concealed here and there under a foot or two of earth.

The greater share of it has never been recovered. In Connecticut, however, are several families who owe their rise to wealth to finds of the royalist treasure troves buried on their lands.

During the time between the Revolution and the War of 1812, many Tory families left Maine, New York, New Hampshire and Vermont and set out for the lower part of Canada, oftentimes pursued by Indians or colonial troops. In their flight they sometimes buried their belongings. Recently, a landowner in New England came upon a cask of silver, unearthed by the spring freshets.

In the Civil war some landowners of the South fled before Sherman on his march to the sea. They buried their money and valuables what they had left, and much of this property is still under the earth.

LITTLE 'NIGHT LIFE' THERE

South Africa More of Tea Drinking Nation Than England, It Is Said.

South Africa is known as a nation of tea drinkers—even more so than England. If one is living at a hotel, tea is brought to his room at 7 in the morning—just tea, nothing to eat. Then at 11 o'clock tea is served again. All the business houses have tea served to their employees at that hour, and in Cape Town one may see the carriers running along the street from the tea houses to the banks and other business houses. The heads of firms go out to some tea room for their tea. At 4 o'clock tea is served again as well as with the regular three meals each day, and then in the evening between 9 and 10 o'clock. Lemon with tea is unusual there. They serve milk and sugar; no cream, as cream is almost an unknown quantity and very expensive. There is no night life in Cape Town, and no cafes. Life is quiet and conservative, and if a party goes out after the theater at night, they go to a tea room. These close at 11:30.

Find Tailless Rabbits and Rats.

Just south of the Isle of Man is a little island called the "Isle of Man." The original owner received from Queen Elizabeth a grant of this island, which was declared to be forever free from taxation. No one can live there, or even on its shores without the consent of the owners, says the Detroit News.

The late owner was so engrossed in his books and lived so retired a life that years would sometimes elapse between his visits to the neighboring Isle of Man. Only a small part of the land is cultivated, and the whole is overrun with rabbits and rats, both of which are tailless. This island kingdom was sold not so long ago for \$100,000.

Gladly Volunteered.

Carrying a few passengers, a Pacific freighter left a Mexican port with 2,000 cases of liquor for South American ports. They got blown far to westward and sprung a bad leak. After several days of pumping the captain announced that he would have to beach the boat upon an uninhabited atoll. There is always a handy passenger to come to the front in such emergencies. This one spoke up promptly.

"Now, men," he declared, "gather round and listen. We'll have to remain for months on a desert island. We can save the liquor. Turn to, all of you. I'll wreck the wireless."

Ready Answer.

The grand promoter saw the man coming, but could not escape. He was promptly backed into a corner and taken severely to task. "You stung me on that gold mine," he began.

"But, my dear sir," the promoter said.

"And again on those oil wells and again on that mushroom farm. Altogether I have lost I don't know how much money," the victim continued.

This gave the grand promoter his cue. "But you should know. Be exact. Join our school of accountancy."

Unnecessary Precaution.

It was William's wedding morn, but alas! he overslept himself. When at last he awoke he dressed hurriedly, and hastened to the station to find that his train had gone. There was not another for an hour.

Frantically he hurried to the telegraph office, and wired to the bride: "Detained. Don't marry till I come."

No Further Need.

Tourist—This seems to be a very dangerous precipice. I wonder that they have not put up a warning board.

Guide—Yes; it is dangerous. They kept a warning board up for two years, but no one fell over, so it was taken down.

Church Spires Were Highest.

In 1850 the tallest building in New York was only five stories high and the church spires were conspicuous among them. Now there is no spire in the city that begins to approach in height many of the towering skyscrapers.

ON VACATION

Cary Vise, of the Smart Shoe Co., is enjoying a two weeks vacation, which he is spending largely on fishing trips.

DIAMONDS DIAMONDS

An Institution in Central Illinois

This store is a Central Illinois "Institution" in the jewelry trade, maintaining the highest standards of quality in all lines, and long recognized as headquarters for the highest grade of jewelry merchandise, including cut glass and the newest novelties while they are new.

A pleasing feature of the business is that articles of lesser values are handled in a complete stock at prices often less than asked by shops that carry no "first" or higher lines—a complete jewelry shop of Central Illinois.
